

Citizens Information Centre (CICs) provide free, impartial and confidential information. They provide integrated information across the full range of state services and entitlements as well as local services and supports.

You can call in to a Centre, or contact them by phone or email. CIC's provide a full time service in county towns and urban areas while local CIC's provide a part time service. Many CIC's provide specialist services such as legal or financial advice or local access to the Office of the Ombudsman, as well as outreach services to smaller communities. They are registered with and supported by Comhairle.
